**DECLARATION OF KEVIN D. BROAD  
37 CFR 1.132**

To the Commissioner for Patents:

I, Kevin D. Broad, being duly sworn, declare as follows:

1. That I am one of the inventors named in the above-captioned patent application.
2. That I am a co-inventor in U.S. Pat. No. 6,696,141, THROUGH-WALL COPPER FLASHINGS, that issued 02/24/2004 to Richard A. Lolley and myself ("the Lolley reference").
3. That any invention disclosed but not claimed in the Lolley reference was derived from my contribution, and therefore was not an invention filed "by another" as the term is used in 35 U.S.C. § 102(e),

I declare further that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "K D Broad", with a stylized flourish at the end.

Kevin D. Broad
